

CBI-Kolloquium WS15/16

- 26. Nov. 2015** **Nanoparticle Growth - a new Perspective**
Dr. Jörg Polte
Humboldt Universität zu Berlin, Institut für Chemie
- 21. Jan. 2016** **Use of nanoparticles self-assembly to design composite materials**
Prof. Dr. Marco Lattuada
Adolphe Merkle Institute at the University of Fribourg / CH
- 28. Jan. 2016** **Particle technology at Fraunhofer ISC and examples of current research in the field of magnetic particles**
Dr. Karl Mandel,
Fraunhofer-Institut für Silicatforschung ISC, Würzburg
- 4. Feb. 2016** **Heterogeneous Catalysis in Nanopores: The Benefit of Hierarchical Pore Systems**
Prof. Roger Gläser
Universität Leipzig, Institut für Technische Chemie
